FGCB CEO & Founder

Class of 2021, this is a proud day for you as you celebrate a tremendous milestone in your life—graduating from High School to attend college or graduating from college and embarking on life. Know that we—your parents, relatives, friends and others—are excited for you in this moment.

You have great reason to celebrate as you have achieved this milestone while you adjusted to new learning environments with Zoom or Google Meet; unable to enter your school or participate in a traditional school day. However, during this period you

strived to maintain your Winning Attitude for learning and when challenged, you managed with the support of your parents, friends and others to stay focused on educational success.

Keeping it real, I know that for some of you there was no one at times when you needed help. However, you managed to find a way to keep or regain your focus as you meditated or prayed and worked hard to overcome challenges to achieve educational success. The challenges you experienced and overcame to celebrate this moment has been training—teaching you the resilience that you will need for your life journey as you strive to achieve your hopes and dreams.

Note the following Quote by Belva Davis, “Don’t be afraid of the space between your dreams and reality. If you can dream it, you can make it so.”

College Success Class of 2021, from this day on, during your life journey, be committed to maintaining your Winning Attitude with humility to continue learning. Be committed to gaining wisdom and knowledge to problem solve for the space between your dreams and reality. You have the resilience to achieve success!

Congratulations. We are all Proud of You Class of 2021!

Keynote Speaker
Dr. Falecia D. Williams

President, Prince George's Community College

Dr. Falecia D. Williams is the ninth president of Prince George's Community College. She is a proven transformational servant leader, who values learning as much as leading and understands the power of inspiring others to invest in their own positive outcomes.

Dr. Williams served for nearly 22 years at Valencia College in Orlando, Florida, holding a series of progressively responsible positions, including president of the Downtown and West campuses. In this role, she was responsible for providing academic, administrative, and fiscal leadership to support the vision, mission, and values of Valencia College, and her data-driven results demonstrate

her ability to achieve lasting, remarkable outcomes through effective leadership and partnership building.

Dr. Williams spearheaded the design, development, and launch of a new educational ecosystem model for a joint campus in partnership with the University of Central Florida; implemented a comprehensive \$1.5 million Title III Pathways project to revamp student services and increase faculty engagement in coaching students for success; launched and managed a summer bridge program that resulted in a 97 percent course success rate and 87 percent retention rate, an increase of 17 percent and 11 percent respectively over students engaged in traditional enrollment; and raised more than \$30 million over five years to support these efforts.

During her tenure at Valencia College, she also served as interim provost for West Campus, assistant vice president for Workforce Development, dean for Workforce Development, and professor.

Dr. Williams holds a Bachelor of Arts in Psychology from Rollins College, FL; a Master of Arts in Education, Teaching, and Learning from Stetson University, FL; and a Doctor of Education in Curriculum and Instruction from University of Central Florida, FL.

She also holds professional certifications from Stanford University as a Design Thinking Professional, and from Harvard University's Institute for Educational Management (IEM). Dr. Williams completed an Aspen Presidential Fellowship at the Aspen Institute's College Excellence Program.
